### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS:

Non-elected claims 11-13 and 18-24 are canceled.

2. This amendment cancels non-elected claims 11-13 and 18-24, which were non-elected by applicant without traverse in the paper of Jan. 21, 2005.

3. The after final amendment of Dec. 22, 2005 overcomes all the pending rejections to the claims as the amendments overcome the pending 35 USC 112 second paragraph rejections by clarifying the claims and an acceptable terminal disclaimer has been filed, which overcomes the provisional obvious-type double patenting rejection over 10/697,260. As a result, the claims are allowable, as the prior art of record does not teach or suggest the claimed method of dropping a liquid to be spread on a substrate to be processed.
